

Aloha Hale Kamaole homeowners,

I would like to introduce our new Operations Coordinator, Kellie Peters. Kellie has a diverse management background including property management, retail management and most recently in the financial industry as a Service Manager for Wells Fargo.

Kellie will be working alongside our Maintenance Manager, Mark Diaz, to manage the day-to-day operations of Hale Kamaole. She will be working closely with owners, guests, rental managers, and our vendors to resolve issues, schedule repairs to the common elements and coordinate preventative maintenance.

In addition to day-to-day operations, Kellie will be working with the landscape committee and our landscape contractor to ensure the grounds are well maintained. We are excited to have Kellie join our team.

Below is her contact information.
